Carpentaria Resources Limited (ASX:CAP) announced today its quarterly activities and cashflow report for the period ending 30 June 2021.

The Company is committed to developing the Hawsons Iron Project near Broken Hill, NSW. Major milestones were achieved during the quarter, including the resolution of the Hawsons ownership structure and the coming into effect of the new Hawsons Joint Venture Agreement between Carpentaria and its approximately 6% joint venture partner, Starlight Investment Company Pty Ltd.

During the period, achievements included completing the share sale agreement and other documents that led to the new Hawsons ownership position. As part of the process, the Company issued 90.8 million shares to Pure Metals Pty Ltd, its former co-joint venturer, in return for its 24% of Hawsons, and those shares were subsequently sold to an institutional investor and others.

Corporate

During the quarter, Mr Greg Khan joined the Company as CFO. He brings a wealth of financial and other experience to help the Company transition from explorer to developer.

The Company during the quarter developed a strategic relationship with well-known stockbroking firm, Shaw and Partners Pty Ltd, and this firm assisted in the process of the sale of the 90.8 million CAP shares that were issued to Pure Metals following the Hawsons reconstruction.

Following the end of the quarter, the Company entered into an underwriting agreement whereby two private placements (one conditional upon shareholder approval) and a 1 for 2.6 shares entitlements offer to raise in total \$35.6 million will be fully underwritten. These funds will be used to carry out the Hawsons BFS.

An extraordinary general meeting of shareholders will be held on 10 August 2021. The agenda for this meeting includes resolutions to change the Company's name to Hawsons Iron Limited and to approve the Hawsons Iron Option Plan, as well as to approve the second placement to institutional shareholders (\$6.15 million) as part of the \$35.6 million capital raising.

Commenting on the progress for Carpentaria over the quarter and the securing of the Hawsons BFS funding, Executive Chairman Bryan Granzien said, "It is extremely encouraging that the Company has received such strong institutional support to carry out the Hawsons BFS and we are now in the position of not requiring funding from potential offtakers. This enhances the Company's position with regard to putting in place any future offtake arrangements. Following the raising of this \$35.6 million, the Company has a clear path to complete the BFS, which we are confident will further demonstrate that the Hawsons Iron Project is one of the world's best undeveloped iron ore projects because it will be a low cost operation that can produce premium quality iron ore products".
